# Raken

# Forms

Go paperless and simplify your workflows for managing company and government-required forms.

## Upload and create templates

Add your forms to Raken individually or in bulk. Edit and create templates that can be accessed across projects.

## Share

Enter one or more email addresses to share forms with multiple recipients at the same time.

## Edit & annotate

Users can complete forms on web or mobile, adding text, pictures, drawings, and annotations.

## Review & sign

Search for forms by name and quickly duplicate whenever you need a new copy.
