

# Raken for Electrical Contractors

Power up your jobsite with our easy-to-use web and mobile app.

## Track materials and equipment

Collect daily reports from the field with a click or tap of a button. Then, view production insights to monitor material and equipment use at a glance.

## Manage time cards

Make logging work hours and processing payroll a breeze with mobile time cards, our Kiosk time clock mode, and detailed timesheets.

## Improve safety and quality documentation

Stay safe and productive with managed checklists, observations, and toolbox talks. Give your team the tools they need to keep projects on track.

## Integrations

Raken connects seamlessly with industry-leading accounting software to eliminate manual entry for faster, more accurate payroll.

**"We were able to see substantial time savings just by using Raken."**

*Rich DeLacy, Project Superintendent at Hensel Phelps*
